for additional details.

*Virgin* GALACTIC

is seeking trained  
**Aviation Medical Examiners (AMEs)**  
from around the planet to conduct  
**Future Astronaut flight physicals.**

The process is virtually identical to an FAA exam:

- You conduct and record a flight physical examination and submit your findings electronically in the Virgin Galactic electronic health record platform\*
- Payment is managed between you and the Future Astronaut

\*Importantly, you are not being asked to make any spaceflight clearance determination.

Virgin Galactic delegates no authority for suborbital spaceflight medical clearance decisions.

**Only current trained AMEs are eligible to apply.**  
**Senior AMEs preferred. If uncertain,**  
**case-by-case eligibility queries may be sent to**  
**[medical@virgingalactic.com](mailto:medical@virgingalactic.com)**
